Re: Application to Renew Registration as a Conservation Service Provider

Dear Ms. Sanchez:

On June 17, 2014, GHA Technologies, Inc. filed an application to renew registration as a Conservation Service Provider (CSP) with the Pennsylvania Public Utility Commission. A CSP must renew registration every two years to remain on the registry. The most recent registration for GHA Technologies, Inc. was issued on June 10, 2012.

A registered CSP can advise an electric distribution company (EDC) and/or provide consultation, design, administration or management services to an EDC related to the EDC's energy efficiency and conservation plan. Upon review, it appears that the applicant continues to meet the Pennsylvania Public Utility Commission's minimum qualifications to provide consultation, design, administration, management or advisory services to an EDC regarding energy efficiency and conservation plans required under Act 129 of 2008, P.L. 1592.

Therefore, effective June 10, 2014, registration for GHA Technologies, Inc. with the Pennsylvania Public Utility Commission's Registry of Conservation Service Providers is renewed for two more years with a new **expiration date of June 10, 2016**. In addition, the applicant is advised that if any information in the application changes, a written notice of said change shall be filed with the Commission within 45 days of the change.

This approval is not meant to constitute a license, certification or warranty of any kind by the Pennsylvania Public Utility Commission.

Please direct any questions to Annunciata E. Marino, Bureau of Technical Utility Services at 717-772-2151.

Sincerely,  
  
Rosemary Chiavetta  
Secretary
